

Product Catalogue
2024

Model: L C0429

Custom manufacturing of compositions of any size
from any quantity of elements
Size element: H300mm, W170mm
Material: ceramics
Light element (end glow): G4 diode 1-3W,
3000-4000K(choose), 12-220V(choose)
Dimming: yes(choose)
Color: any colour

3D models

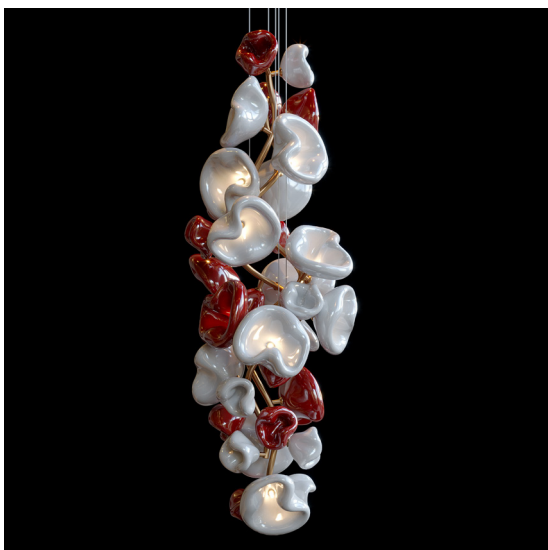

Model: L C0428

Custom manufacturing of compositions of any size
from any quantity of elements
Size element: D150mm and D250mm
Material: ceramics
Light element: G4 diode 3-5W,
3000-4000K(choose), 12-220V(choose)
Dimming: yes(choose)
Color: any colour

3D models

Model: L C0427

Custom manufacturing of compositions of any size from any quantity of elements
 Size element: D150mm and D250mm
 Material: ceramics
 Light element: G4 diode 3-5W, 3000-4000K(choose), 12V
 Dimming: yes(choose)
 Color: any colour

Model: L C0426

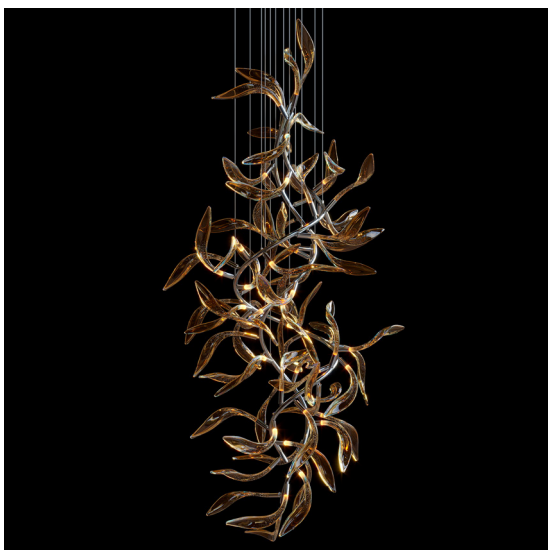

Custom manufacturing of compositions of any size from any quantity of elements
 Element size: D300,400mm
 Material: ceramics
 Light element: G4 diode 3-5W, 3000-4000K(choose), 12-220V(choose)
 Dimming: yes(choose)
 Color: any colour

Model: L C0425

Custom manufacturing of compositions of any size from any quantity of elements
 Element one size: 130X250mm
 Material: ceramics, glass
 Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)
 Dimming: yes(choose)
 Color: any colour

Model: L C0424

Custom manufacturing of compositions of any size from any quantity of elements

Material: glass

Light element (end glow): G4 diode 2W, 3000-4000K(choose), 12V

Dimming: yes(choose)

Color: any colour

3D models

Model: L C0423

Custom manufacturing of compositions of any size from any quantity of elements

Element without a diode, size: D50-60mm, D80-90mm

Element with a diode, size and price: D110-120mm

Material: crystal

Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)

3D models

Model: L C0422

Custom manufacturing of compositions of any size from any quantity of elements

Material: glass

Light element (end glow): G4 diode 1-1,5W(two diodes), 3000-4000K(choose), 12V

Dimming: yes(choose)

Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt, other colors on request

3D models

Model: L C0421

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Material: ceramics

Light element (end glow): G4 diode 2W, 3000-4000K(choose), 12V

Model: L C0420

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Size element: H370mm, W140mm

Material: glass

Model: L C0419

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Size element: H210mm, D50mm

Material: glass

Light element (end glow): G4 diode 1W, 3000-4000K(choose), 12V

Model: L C0418

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Material: ceramics

Light element (end glow): G4 diode 2W, 3000-4000K(choose), 12V

3D models

Model: L C0417

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Size element: H370mm, W140mm

Material: glass

3D models

Model: L C0416

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

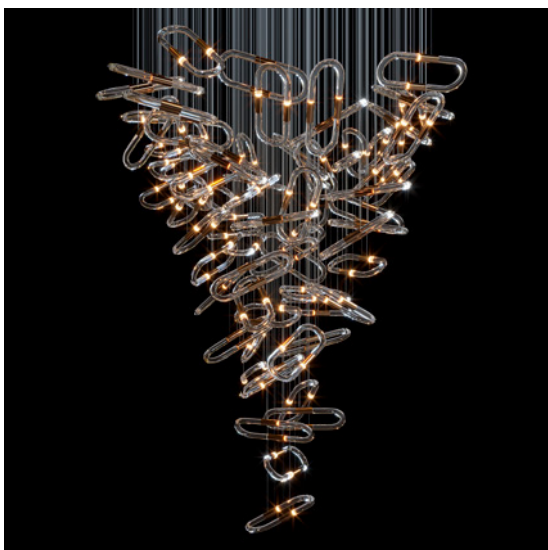

Size element: H210mm, D50mm

Material: glass

Light element (end glow): G4 diode 1W, 3000-4000K(choose), 12V

3D models

Model: L C0415

Custom manufacturing of compositions of any size from any quantity of elements
The cost depends on the overall sizes of the desired composition and the number of elements used
Material: crystal
Light element: G4 diode 1,5-2W(two diodes), 3000-4000K(choose), 12-220V(choose)

3D models

Model: L C0414

Custom manufacturing of compositions of any size from any quantity of elements
The cost depends on the overall sizes of the desired composition and the number of elements used
Material: crystal
Light element: G4 diode 1,5-2W(two diodes), 3000-4000K(choose), 12-220V(choose)

3D models

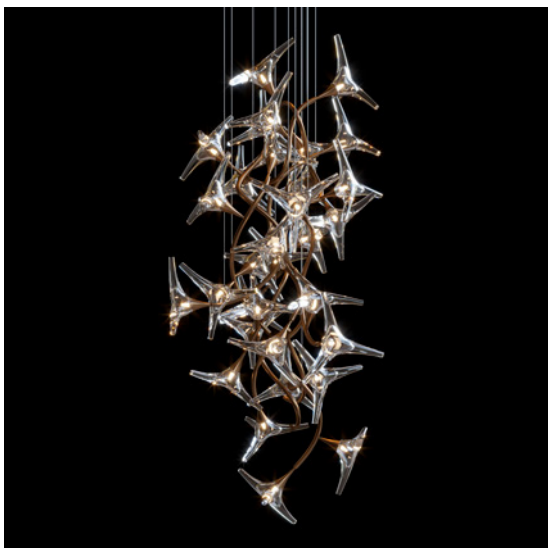

Model: L C0413

Custom manufacturing of compositions of any size from any quantity of elements
The cost depends on the overall sizes of the desired composition and the number of elements used
Size element: 250X200mm, H230mm
Material: glass, ceramics
Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12V

3D models

Model: L C0412

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Size element: D200mm, H100mm

Material: glass

Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12V

3D models

Model: L C0411

Custom manufacturing of compositions of any size from any quantity of elements

Element size: H300mm, D60mm

Material: glass

Light element: G4 diode 2-3W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0410

The size of the glass element: H550, D40mm (size can be: D30/40/50/60mm)

The size of the compositions: D1300-1500mm

Material: crystal, glass

Light element (end glow): G4 diode 2-3W(choose), 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

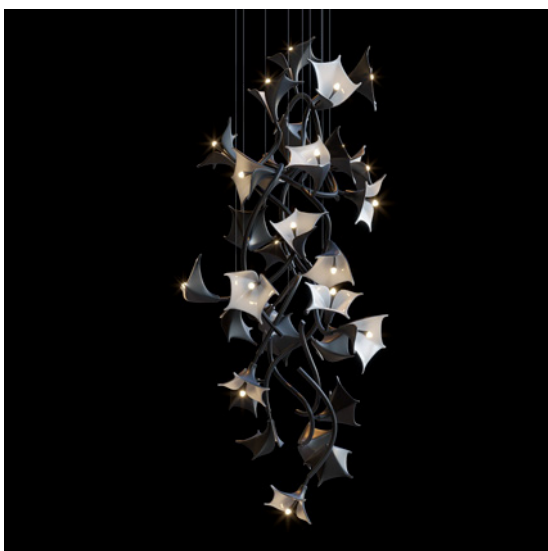

Model: L C0409

Composition size: D1000mm
 Number of elements: 400pcs.
 The size and weight of the cargo: 1 kub., 100kg.
 Material: metal
 Light element: mini diode 0,1W, 3000K, 3V
 Dimming: yes(choose)
 Warranty: applies only to the original product
 Variation of landscape light lamp is possible

Model: L C0408

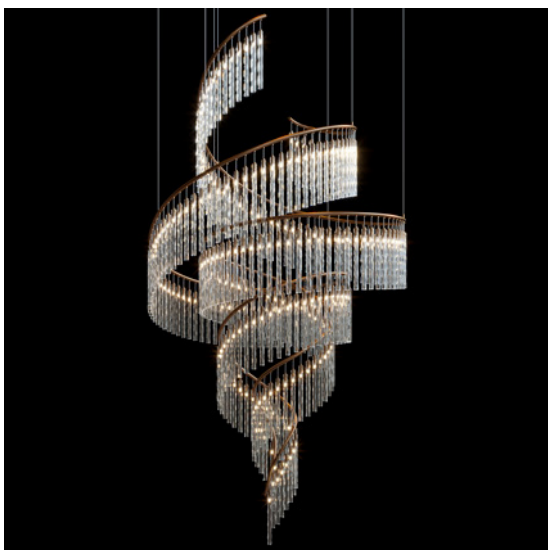

The cost depends on the overall sizes of the desired composition and the number of elements used
 Element one size: D145, H270mm (a whole suspension consists of two elements size D145, H130mm)
 Material: glass, ceramics
 Light element: G4 diode 2-3W, 3000-4000K(choose), 12-220V(choose)

Model: L C0407

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Material: ceramics, glass
 Light element (end glow): G4 diode 1W, 3000-4000K(choose), 12V

Model: L C0406

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Material: glass (model with new structural glass tubes, height 350mm), metal

Light element: G4 diode 2W, 3000-4000K(choose), 12V(choose)

3D models

Model: L C0405

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

The size of the element in full assembly: D120mm, H350mm (a composite element of three parts 55x65mm, H350mm)

Material: ceramics

3D models

Model: L C0404

Custom manufacturing of compositions of any size from any quantity of elements

Material: glass

Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0403

Custom manufacturing of compositions of any size from any quantity of elements
 The size of the element in full assembly: L100, W100, H400mm
 The size of the glass element: L100, W100, H330mm
 Material: glass
 Light element: G4 diode 2W, 3000-4000K(choose), 12-220V(choose)

Model: L C0402

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Size element: D80mm, H200mm
 Material: ceramics
 Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12V

Model: L C0401

Custom manufacturing of compositions of any size from any quantity of elements
 Size can be: D30/40/50/60mm
 Length can be:
 H200/300/400/500/600/700/800/1000mm
 Color can do eletroplating: Amber, Smoke, Clear
 Material: glass
 Light element (end glow): G4 LED

Model: L C0400

Custom manufacturing of compositions of any size from any quantity of elements
 The size of the element in full assembly: L100, W100, H400mm
 The size of the glass element: L100, W100, H330mm
 Material: glass
 Light element: G4 diode 2W, 3000-4000K(choose), 12-220V(choose)

3D models

Model: L C0399

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Size element: D140mm, H660mm (consists of two elements: D140mm, H330mm)

3D models

Model: L C0398

Custom manufacturing of compositions of any size from any quantity of elements
 Material: glass
 Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)
 Dimming: yes(choose)

3D models

Model: L C0397

Custom manufacturing of compositions of any size from any quantity of elements

The cost depends on the overall sizes of the desired composition and the number of elements used

Size element: 260mm

Material: glass

Light element (end glow): mini diode 0,1W, 3000K, 3V

3D models

Model: L C0396

Custom manufacturing of compositions of any size from any quantity of elements

Element size large: D300mm

Material: glass

Light element (end glow): mini diode 0,1W, 3000K, 3V

Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt, chrome, mirror gold, silver, brass, matte gold, metal

3D models

Model: L C0395

Custom manufacturing of compositions of any size from any quantity of elements

Element size large: D300mm

Element size small: D100mm (decorative element without diode)

Material: glass

Light element (end glow): mini diode 0,1W, 3000K, 3V

3D models

Model: L C0394

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Size element: D110mm, H160mm
 Material: ceramics
 Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12

Model: L C0393

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Size element: D220mm, H150mm
 Material: ceramics
 Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12V

Model: L C0392

Custom manufacturing of compositions of any size from any quantity of elements
 The cost depends on the overall sizes of the desired composition and the number of elements used
 Size element: D200mm, H170mm
 Material: ceramics
 Light element (end glow): G4 diode 3W, 3000-4000K(choose), 12V

Model: L C0391

Material: cold porcelain, handmade

Light element: G4 diode

Dimming: yes(choose)

Color: any colour

The size of the compositions on the images:

1200x500mm, 800x350mm

Custom manufacturing of compositions of any size from any quantity of elements

3D models

Model: L C0390

Material: cold porcelain, handmade

Light element: G4 diode

Dimming: yes(choose)

Color: any colour

The size of the compositions on the images:

1200x500mm, 800x350mm

Custom manufacturing of compositions of any size from any quantity of elements

3D models

Model: L C0389

Material: cold porcelain, handmade

Light element: G4 diode

Dimming: yes(choose)

Color: any colour

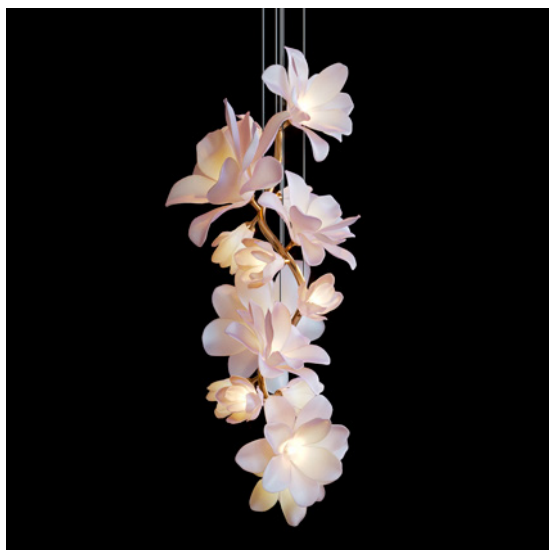

The size of the compositions on the images:

1200x500mm, 800x350mm

Custom manufacturing of compositions of any size from any quantity of elements

3D models

Model: L C0388

Material: cold porcelain, handmade

Light element: G4 diode

Dimming: yes(choose)

Color: any colour

The size of the compositions on the images:

1200x500mm, 800x350mm

Custom manufacturing of compositions of any size from any quantity of elements

3D models

Model: L C0387

Custom manufacturing of compositions of any size from any quantity of elements

Element size: D350mm

Material: glass

Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0386

Custom manufacturing of compositions of any size from any quantity of elements

Element size: D200mm, W80vmm

Material: glass

Light element (end glow): mini diode 0,1W, 3000K, 3V

Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt, chrome, mirror gold, silver, brass, matte gold, metal

3D models

Model: L C0385

Custom manufacturing of compositions of any size from any quantity of elements

Element size: 100x230mm, H250mm

Material: glass

Light element: G4 diode 3W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0384

Custom manufacturing of compositions of any size from any quantity of elements

Element size: 200X130mm

Material: glass

Light element (end glow): mini diode 0,1W, 3000K, 3V

Dimming: yes(choose)

3D models

Model: L C0383

Custom manufacturing of compositions of any size from any quantity of elements

Total size of the element: H300mm (glass element: H250mm), W130mm

Material: glass

Light element (end glow): G4 diode 1W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0382

Custom manufacturing of compositions of any size from any quantity of elements

Total size of the element: H340mm, W170mm

Size glass element: H250mm, W130mm

Material: glass, iron

Light element (end glow): G4 diode 1W, 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0381

Custom manufacturing of compositions of any size from any quantity of elements

Material: ceramics

Size element: H180mm, D60mm

Light element: G4 diode 3-5W(choose), 3000-4000K(choose), 12-220V(choose)

Dimming: yes(choose)

3D models

Model: L C0380

Size floor lamp 1: H1400mm, D250mm (6 pcs. glass elements (size element: H600mm, D140mm))

Size floor lamp 2: H1600mm, D300mm (6 pcs. glass elements (size element: H600mm, D140mm))

Size floor lamp 3: H1600mm, D300mm (7 pcs. glass elements (size element: H600mm, D140mm))

Material: glass, iron

Light element (end glow): diode G4 2W, 4000K, 12V

3D models

Model: LC0379

Size floor lamp 1: H1500mm, D270mm (8 pcs. glass elements (size element: H350mm, D60mm))

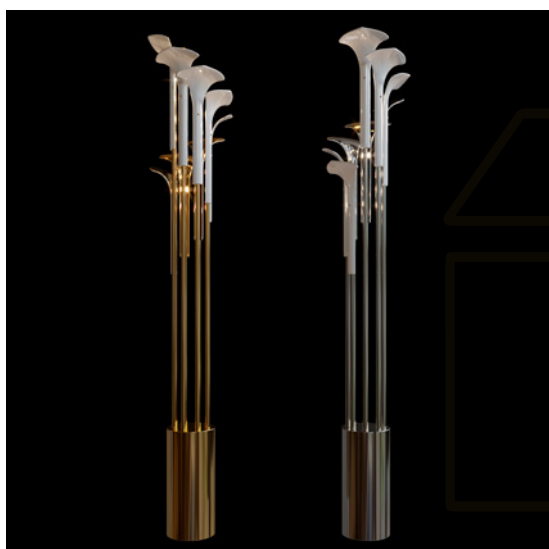

Size floor lamp 2: H1400mm, D250mm (8 pcs. glass elements (size element: H350mm, D60mm))

Material: crystal glass, iron

Light element (end glow): diode G4 3W, 4000K, 12V - (8 pcs.)

3D models

Model: LC0378

Size floor lamp: H1400mm, D250mm (8 pcs. ceramic elements (size element: H300mm))

Material: glass, iron

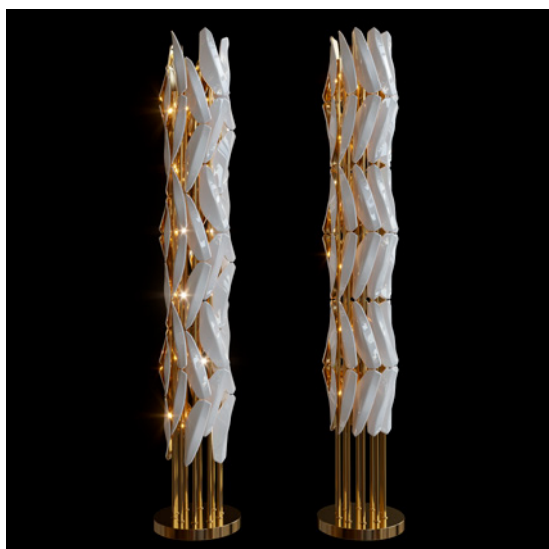

Light element: diode G4 5W, 4000K, 12V - (8 pcs.)

Color: customize color

Warranty: applies only to the original product

3D models

Model: LC0377

Size floor lamp: H1400mm, D250mm (60 pcs. glass elements (size element: L180mm))

Material: glass, iron

Light element: diode G4 5W, 4000K, 12V - (12 pcs.)

Color: customize color

Warranty: applies only to the original product

3D models

Model: LC0376

Custom manufacturing of compositions of any size from any quantity of elements

Size element: H400mm, D80mm

Material: glass

Light element (end glow): diode G4 1W, 4000K, 12V

Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt

Warranty: applies only to the original product

3D models

Model: LC0375

Lighting composition

Size: L1350mm, D350mm

Material: glass (crystal K9), iron

Light element: Diod G4, 3000-4000K

Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt

3D models

Model: LC0374

Floor lamp

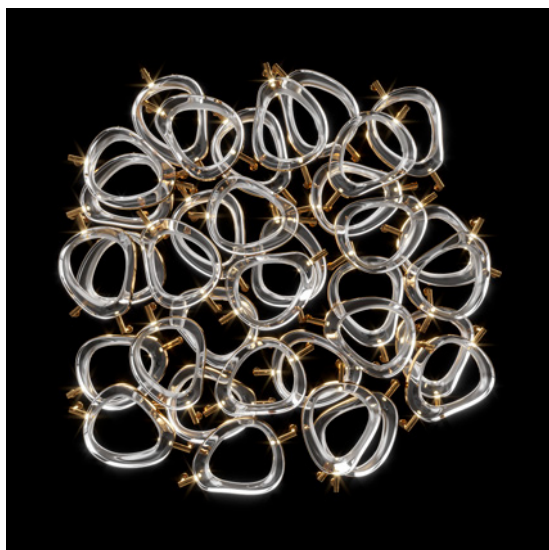

Size: H1500mm, D350mm

Material: glass (crystal K9), iron

Light element: Diod G4, 3000-4000K

3D models

Model: LC0373

Lighting composition

Element size: 250X250mm
 Material: glass (crystal K9), iron
 Light element: Diod G4, 3000-4000K
 Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt

3D models

Model: LC0372

Lighting composition

Element size: 250X250mm
 Material: glass (crystal K9), iron
 Light element: Diod G4, 3000-4000K
 Color: transparent, transparent with air bubbles, amber, smoke, frosted glossy, frosted matt

3D models

Model: LC0371

Lighting composition

Element size: 180X250mm
 Material: glass
 Light element: G4 LED

3D models

Model: L C0370

Decorative interior elements

Element size: 180X250mm
Material: ceramics
Color: customize color

Model: LC0 369

Lighting composition

Element size: 180X250mm
Material: ceramics
Color: customize color

Model: LC0368

Lighting composition

Composition of glass rods: transparent and frosted
(mix 50/50)
Elements size: D30mm, H400/600/800mm
Size can be: D30/40/50/60mm
H200/300/400/500/600/700/800/1000mm

Model: L C0367

Lighting composition

Elements size: D50mm, H200/400/600/800mm

Size can be: D30/40/50/60mm

Length can be:

H200/300/400/500/600/700/800/1000mm

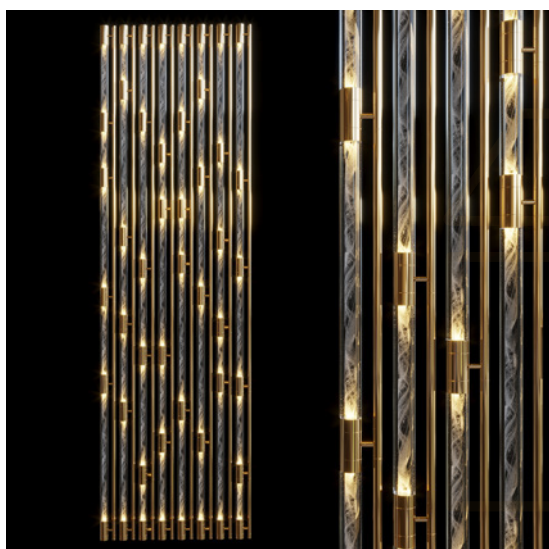

Color can do eletroplating: Amber, Smoke, Clear

Material: glass

Light element: G4 LED

3D models

Model: LC0 366

Lighting composition

Compositions of elements size: D50mm,

H200/400/600/800mm

Color can do eletroplating: Amber, Smoke, Clear

Material: glass

Light element: G4 LED

Size can be: D30/40/50/60mm

Length can be: H200/300/400/500/600/700/800/1000mm

3D models

Model: L C0365

Lighting composition

The price is for one element

Element size: D120mm, H250mm

Material: glass

Light element: G4 LED

Color: transparent, black, white, amber, smoke, gold, silver

3D models

Model : LC0364

Lighting composition

Long compositions: 32 linear meters, size: L6200mm
D1500mm

Short compositions: 16 linear meters, size: L3100mm
D1500mm

Material: glass, iron

Light element: mini LED

Color: customize color

Dimming: yes

3D models

Model : LC0363

Lighting composition

Element size: 200mm

Material: ceramics

Light element: mini LED

3D models

Model: LC0362

Lighting composition

Size crystal element with a diode: H200mm,
H300mm, H400mm

Size glass plate: H300mm, H400mm, H500mm

Material: crystal, glass

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model : LC0361

Lighting composition

Material: glass, metal

Light element: LED

Dimming: yes

3D models

Model : LC0360

Lighting composition

Material: glass, metal

Light element: LED

Dimming: yes

3D models

Model : LC0359

Lighting composition

Element size: 150X150mm

Material: glass

Color: customize color

3D models

Model: LC0358

Lighting composition

Element size disk: D300mm

Material: glass, metal

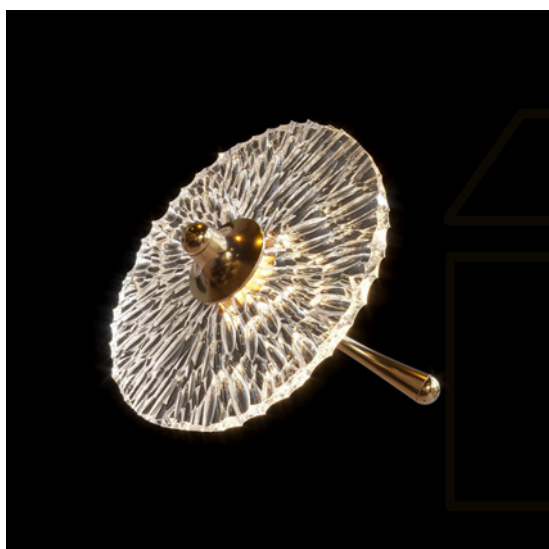

Light element: LED

Color: customize color

Dimming: yes

3D models

Model: LC0357

Lighting composition

Table lamp size: D300mm

Material: glass, metal

3D models

Model: LC0356

Lighting composition

Element size: D100mm, H300mm

Material: glass

Color: customize color

Dimming: yes

3D models

Model: LC0355

Lighting composition

Element size: D100mm, H300mm

Material: glass

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model: LC0354

Lighting composition

Composition of 100 elements

Composition: D850mm

Element size: D100mm, H300mm

Material: glass

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model: LC0353

Lighting composition

Element size bird: 250X250mm

Material: glass, ceramics

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model: LC0352

Lighting composition

Element size bird: 250X250mm
 Element size flower: L200mm, D150mm
 Material: glass, ceramics
 Light element: G4 LED
 Color: customize color
 Dimming: yes

3D models

Model: LC0351

Lighting composition

Element size bird: 250X250mm
 Element size flower: D180mm
 Material: glass, ceramics
 Light element: G4 LED
 Color: customize color
 Dimming: yes

3D models

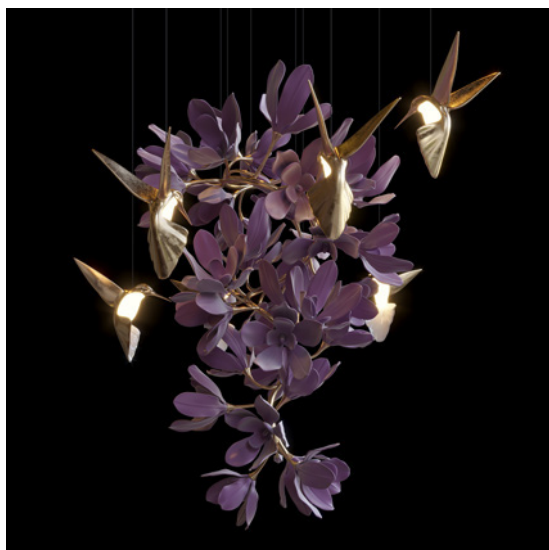

Model : LC0349

Lighting composition

Element size: 250X165mm
 Material: ceramics
 Color: customize color

3D models

Model: LC0350

Lighting composition

Element size bird: 250X250mm

Material: glass, ceramics

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model : LC0348

Lighting composition

Element size bird: 250X250mm

Element size flower: D180mm

Material: glass, ceramics

Light element: LED

Color: customize color

Dimming: yes

3D models

Model : LC0347

Lighting composition

Element size: 300X170mm

Material: glass, ceramics

Light element: LED

Color: customize color

Dimming: yes

3D models

Model : LC0346

Lighting composition

Element size: D110mm, H300mm

Material: glass

Light element: G4 LED

Color: customize color

Dimming: yes

3D models

Model: LC0345

Lighting composition

Element size, price: D80-90mm, D110-120mm,
D130-140mm, D160-170mm, D180-190mm

Material: Crystal

Lighting element: G4 LED

Color: customize color

3D models

Model : LC0344

Lighting composition

Element size: H250mm, D80mm

Material: glass

Lighting element: G4 LED

Color: customize color

Dimming: yes

3D models

Model: LC0343

Lighting composition

Element size: L200mm, D150mm

Material: glass

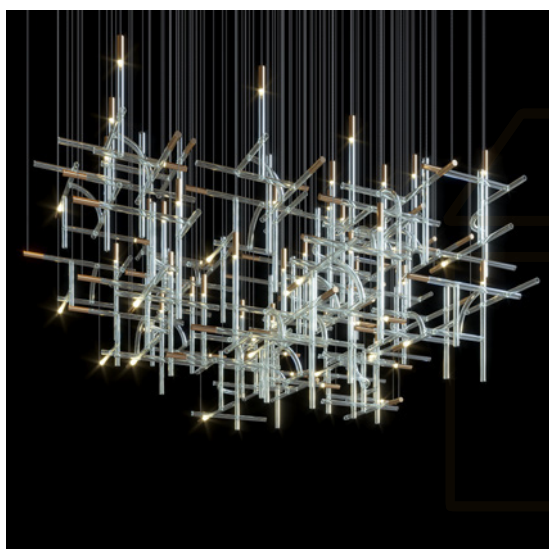

Light element: G4 diode - 2pcs

Color: customize color

Dimming: yes

3D models

Model : LC0342

Lighting composition

Any size of compositions from any number of elements (350X350X350mm) to order

Material: glass

Light element: G4 diode

Color: customize color

Dimming: yes

3D models

Model : LC0341

Lighting composition

The size of the composition of 40 elements:

L820mm, D550mm

Material: ceramics

Color: customize color

Dimming: yes

3D models

Model : LC0340

Lighting composition

Size: H1600mm, D550mm

Material: metal, ceramics

3D models

Model : LC0339

Lighting composition

The size of the composition of 20 elements:

D550mm

Material: ceramics

Color: customize color

Dimming: yes

3D models

Model: LC0338

Lighting composition

Element size: D20mm, H2000mm (8pcs size:
20x250mm)

Material: glass, steel

Light element: mini LED

Color: customize color

Dimming: yes

3D models

Model : LC0337

Lighting composition

Size sphere: D1000mm
Material: glass, steel
Light element: mini LED
Color: customize color
Dimming: yes

3D models

Model: LC0336

Lighting composition

Element size: D1000mm (20pcs size: 20x150mm)
There are 20 hoops in the composition
Material: glass, steel
Light element: mini LED
Color: customize color
Dimming: yes

3D models

Model : LC0335

Lighting composition

Element size: D20mm, H1000mm (4pcs size: 20x250mm)
Material: glass, steel
Light element: mini LED
Color: customize color
Dimming: yes

3D models

Model: LC0328

Lighting composition

Element size: D350mm
Material: glass
Light element: G4 LED
Color: customize color
Dimming: yes

3D models

Model: LC0333

Lighting composition

Element size: D100mm, H250mm
Material: glass
Light element: G4 LED
Color: customize color
Dimming: yes

3D models

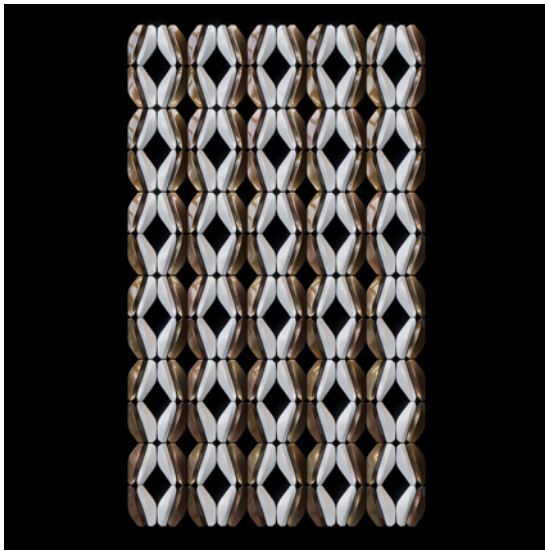

Model: LC0332

Lighting composition

Composition for low ceilings, installation directly on the ceiling
Element size: L90mm, H150-400mm
Material: glass, iron
Light element: G4 LED
Color: customize color
Dimming: yes

3D models

Model: LC0331

Lighting composition

Wall decor

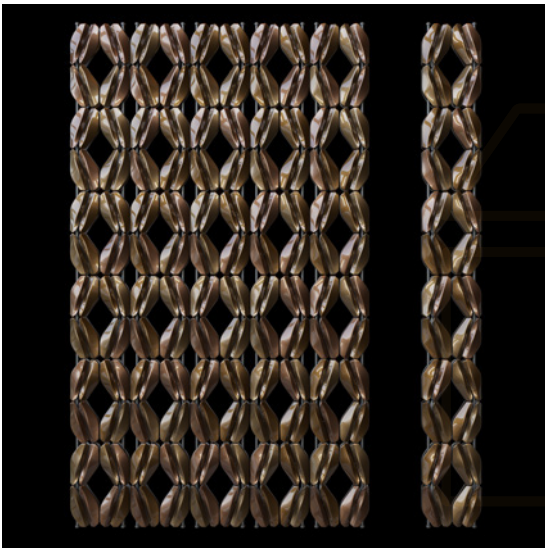

Element size: L250mm

Material: glass

Color: customize color

3D models

Model: LC0330

Lighting composition

Composition size: L1750mm x H3000mm

Section size L350mm x H3000mm (number of elements: 96 pieces)

Element size: L250mm

Material: glass

Color: customize color

3D models

Model : LC0329

Lighting composition

Length of the tape in the composition: 15m closed loop tape and twisted by 720 degrees , tape width: 500mm

Material: glass, iron

Light element: mini LED

Color: customize color

Dimming: yes

3D models

Model: LC0328

Lighting composition

Length of the tape in the composition: 10m closed loop tape and twisted by 720 degrees, tape width: 500mm
 Material: glass, iron
 Light element: mini LED
 Color: customize color
 Dimming: yes

Model: LC0327

Lighting composition

Length of the tape in the composition: 10m closed loop tape and twisted by 720 degrees, tape width: 300mm
 Material: glass, iron
 Light element: mini LED
 Color: customize color
 Dimming: yes

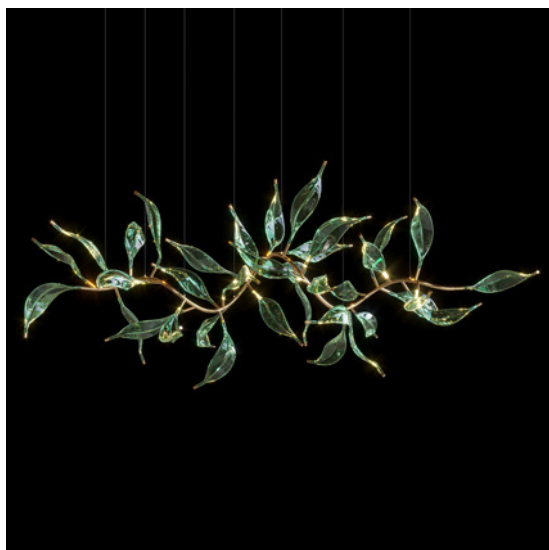

Model: LC0326

Lighting composition

Length of the tape in the composition: 5+5m (two pieces) closed loop tape and twisted by 360 degrees, tape width: 300mm
 Material: glass, iron
 Light element: mini LED
 Color: customize color
 Dimming: yes

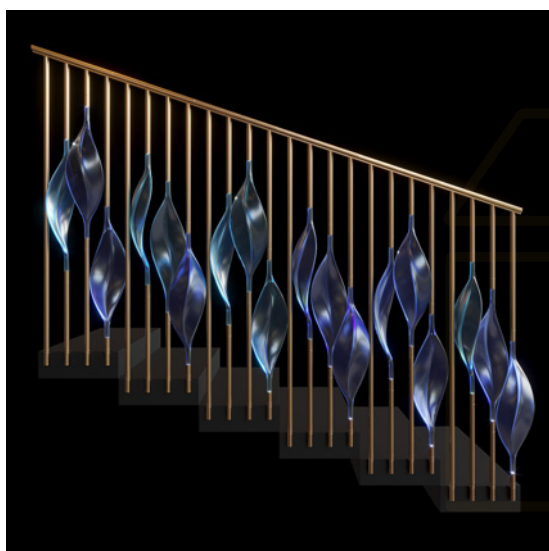

Model: LC0322

Lighting composition

The price is for one element
 Element size: 350X100mm
 Material: glass
 Color: customize color
 Lighting element: G4 LED
 Size: 3d model in real production size

3D models

Model: LC0321

Lighting composition

Varanov® Design - Lighting studio

The price is for one element
 Element glass size: 350X100mm, metal size H1000mm
 Material: glass, metal
 Color: customize color
 Lighting element: G4 LED
 Size: 3d model in real production size
 The metal frame cost need calculate separately when there is a actual size project
